## SUMMARY

---

Aspiring Full stack developer eager to contribute to dynamic web development projects through an internship, leveraging hands-on experience with full-stack projects and a strong foundation in front-end and back-end technologies.

## PROJECT

---

### Library Management System

- Developed a web application to streamline library operations, integrating functionalities like user authentication, book management, and loan tracking.
- Utilized the MERN stack (MongoDB, Express.js, React.js, Node.js) to build a responsive and intuitive user interface.
- Ensured efficient management of library resources and enhanced the user experience through optimized design and usability.

### Social Video Platform

- Created an interactive video player application that allows users to upload, like, and dislike videos, as well as save them for later viewing.
- Integrated a user profile management system to enable personalization and the ability to follow other users.
- Designed with a focus on user engagement and responsiveness, ensuring seamless playback and navigation across multiple devices.

### Portfolio Website

- Designed and developed a personal portfolio website to showcase projects, skills, and web development experience.
- Implemented an aesthetically pleasing layout with intuitive navigation to enhance user experience.
- Ensured responsive design for optimal performance across various devices, improving accessibility and engagement.

## SKILLS

---

**Front-end:** HTML, CSS, JavaScript, React.js, and Tailwind CSS

**Back-end:** Node.js, Express.js, and RESTful API Development

**Databases:** MongoDB

**Tools:** Git, Github, and Postman

## EDUCATION

---

### SPDT College, Mumbai University

#### Bachelor of Science in Information Technology (B.Sc-IT)

- (Year of completion: Expected 2025)
- Current Year: Third Year(Sem-6)
- CGPA (Average of Semesters 1-5): 8.86/10
